

The City of McGregor Business Enhancement Grant Program

When it comes to your business, looks do matter. Well-planned interior and exterior improvements can pay off in big ways.

Financial assistance is available to business owners who wish to make physical improvements to their businesses. The program requires that your building is located in the City of McGregor. The City will reimburse 50% of approved project costs up to \$5,000.

The financial incentives will be targeted to assist local business owners with façade improvement projects, permanent interior capital improvements, site cleanup, site development, and other projects approved by the City.

Exterior Improvements

- Awnings
- Signage
- Exterior Lighting
- Windows
- Doors
- More

Interior Improvements

- Painting
- Lighting
